

s2n\_stuffer\_read\_uint64\_hex

main

```
graph RL; main --> s2n_stuffer_read_uint64_hex;
```

The diagram illustrates a function call. A box on the right labeled 'main' has a dark blue arrow pointing left to a box on the left labeled 's2n\_stuffer\_read\_uint64\_hex'. The 's2n\_stuffer\_read\_uint64\_hex' box has a light gray background, while the 'main' box has a white background. Both boxes have a black border.
